Dear Miss Snell:

I am proud to be able to say that you were one of my instructors when I was here from 1932-36. Probably, we were not as carefree during those depression years as some of our students are today. I appreciate all the help you gave me and enjoyed my eight years after graduation in the Health and Physical Education field.

I have often thought of a bit of advice you gave me which I am sure you have long forgotten, "Don't take life too seriously". I've worked on it and hope I have learned to accept things as they come.

I offer my congratulations to you on your accomplishments and upon the attainment of a consistently excellent record during the years you have been here.

I do hope you will have many years of good health and much happiness in whatever you plan to do in the years ahead.

Cordially,

Ruth R. Harris
